24th Nov 1955. The day was very cold and windy. The wind was from the north and the temperature was about 10 degrees below zero. The snow was very deep and the ground was very hard. The trees were all covered in snow and the branches were very heavy. The sky was very blue and the sun was shining brightly. The water was very cold and the ice was very thick. The birds were all huddled together and the animals were all very quiet. The day was very long and the night was very dark. The stars were very bright and the moon was very full. The day was very beautiful and the night was very peaceful. The day was very cold and the night was very dark. The day was very long and the night was very dark.
